## The Duality of an Artist's Craft

### *Marion's Charles Duane Brings Creativity to Commercial Work*

The term "struggling artist" comes to mind when one thinks of a talented person trying to earn a feasible living while doing what he loves.

That's why it's so rare to find an artist like Charles Duane, who has managed to successfully fuse a penchant for creative painting with the commercial business of signmaking. Working out of a garage studio behind his Marion home off Converse Road, Mr. Duane remains content to earn a living at signmaking while dabbling in what he likes to call "side projects."

If ever there was a contest to select a true "jack of all trades," Mr. Duane would certainly be in the running.

"I was an art major in college, and that's what led me to signmaking," Mr. Duane said during a recent interview in his home. "It seemed like a good, commercial field that was related to my training and background."

Although his first love and interest was painting, he soon learned that in order to afford himself the time and money to work on his less lucrative projects, he had to earn a living via the more commercial field of signmaking.

It's a choice that has certainly paid off.

In addition to his lettering work on over 2,000 boats throughout Buzzards Bay — most of which he attributes to word of mouth recommendations — he has painted and lettered many signs around Marion. Most notable among these are signs posted outside the Town House, the Elizabeth Taber Library, Burr Brothers Boatyard, Heirloom Antiques, and the Sippican Tennis Club.

"It's like being an outdoor calligrapher," he said of signmaking. "At its best, that's what the craft offers. But usually deadlines and finances make you rush a little more than you would like to. So it's only the occasional job that you can spend a little extra time on to give it that design quality that makes it more artistic. Because of the time pressures, many jobs are much more commercial in nature."

Soon after graduating from college with an art degree, the Boston native took courses in signmaking at the Butera School of Art there. When he moved to Marion some 20 years ago, he realized the area was an ideal location to expend his signmaking talent.

But like most dedicated artists, the desire to create is never fully satisfied.

Although he officially considers himself a full-time signmaker, he has dabbled in several major art projects in Marion over the last few years. Some

of Mr. Duane's most impressive work has found a permanent home in the Sippican School auditorium and along the corridors and halls leading to the building's main office.

The two largest paintings which adorn opposite walls of the school's auditorium are truly dazzling. One depicts several sailboats floating into a small, coastal village, their brightly colored sails billowing in the wind. The other is a vibrantly colored hot air balloon coasting over a similar New England setting.

"Before I actually put the colors on, I painted them entirely in black and white first," he said of the striking artworks. "If you turn the lights out in the room and have only available light, you won't see the colors as well, but you can still see the shapes. That's because I work everything out in detail in black and white. It's a very meticulous process that was common in early Renaissance painting."

Mr. Duane's fondness for an Italian artist named Mantegna and American Thomas Hart Benton is an apparent influence on his work. "My style is very diverse," he said. "Each project is a new idea to me. If you look at four or five things I've done, they all look different."

"I enjoy getting an idea and picturing something in my mind. Then after that, if the job takes five hours or two hundred hours, it's all work. But you always hope that it will only take five hours."

Mr. Duane's technique of detailing the work in black and white first was just one of many he

borrowed from Renaissance painters — especially Italian. Another is the fabrication of his own color paints in the project.

In order to make the paintings appear "more luminous," Mr. Duane made the color oil paints by mixing color powder with cold-pressed safflower oil.

Down the hall from the auditorium at Sippican School is another tell-tale mural designed and painted by Mr. Duane. The so-called "Sippican Special" is a wall mural which features an individual bulletin board shaped like a train car for each grade at the facility. It's become something of an attraction at the site.

"They made a ramp which is like a double corridor in one section of the school," he said. "It was always empty ... just a big, dreary, double-sized corridor. So in conjunction with some student sketches I came up with the idea for a train mural that's about 30-feet long."

The red locomotive features various familiar cartoon characters and two not-so-familiar boys at the bottom of the mural under the train. These are renditions of Mr. Duane's two sons, James and Karl.

"They're kind of embarrassed about it, but I tell them that they don't look like that anymore," he said.

Despite having worked on other noteworthy painting projects in recent years — including a 300-foot graphic inside the Sippican Corporation building — Mr. Duane has conceded that his painting career is on hold for the time being.

For now, he's concentrating on spending some more time with his family — his two sons and wife, Patricia, who teaches Grade 3 at Sippican School — and indulging in another favorite pastime which he's ignored for the last ten years: playing tennis.

He's also a regular contributor to *Sign of the Times* and *Signcraft* magazines and enjoys writing about his work.

"I've had some success in writing about signmaking techniques," he said. "They've found that there are only about 20 people in the country who can both do their craft well and write about it. Although I'm not the most famous signmaker in the country, I've gotten some positive response from being able to write about things of interest and trends in signmaking."

But lest someone think that Charles Duane is ready to sit on his laurels and not vent his creative talents elsewhere, he's also discovered a new-found interest and passion.

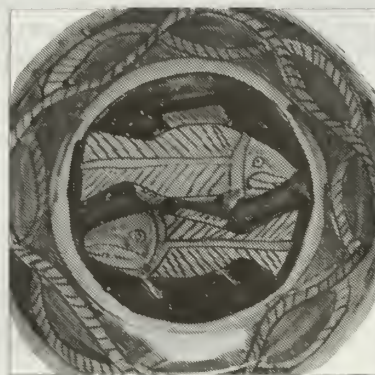

Of late, Mr. Duane has become involved with still photography and has devoted much of his time and efforts to taking photos for the Wareham Gatemen and the Cape Cod Baseball League.

"I've gotten a tremendous amount of enjoyment out of photography lately," he admitted. "In many ways I get just as much of a big burst of satisfaction from my photographs as I do from my paintings."

## Mattapoisett Selectmen's Meeting August 24, 1993

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday evening, August 24 at 7:04 pm by Chairman John N. DeCosta. Also present were Selectman Daniel O. Mahoney, Selectman Paul E. Lambalot, and Executive Secretary Carol Adams.

After approving the minutes of the August 17 meeting and signing the payrolls, bills, licenses, and permits for the week, the board reviewed outgoing correspondence, including:

- Letter to Charles A. Morgan relative to the town contributing a percentage of medical coverage for survivors of retired employees. As it stands now, the beneficiaries of retired employees are required to pay 100 percent of their medical coverage to stay on the existing plan.

Selectman Mahoney felt something should be done to change this policy. "I think we explore it or check with Plymouth County to see what other towns offer," he said. "One of the major advantages of insurance coverage is to provide for one's spouse ... and I think we should see if we can do that, especially for people who have worked many years for the town."

- Letter from Steve Mach, Harbormaster, regarding free boat pump out facilities at the town wharf. Right now, only about 80 of 800 registered boaters are taking advantage of this service and both the Harbormaster and Board of Selectmen would like to see this usage increase.

There being no meetings scheduled for the week, Chairman DeCosta next went over incoming correspondence, starting with a not from

Mattapoisett resident Linda Kelsey offering her support of the board's decision to install new lights along the town wharf. "Please know there are some people in town who do appreciate your efforts to make the town look nice," Ms. Kelsey wrote in her letter. Selectman Mahoney recommending sending Ms. Kelsey a thank you note and Selectman Lambalot even jokingly suggested sending her a bouquet of flowers for her kind words.

Joseph Souza of Fairhaven Road next sent the board his letter of resignation from the Conservation Commission (ConCom). Having served the ConCom for the last 15 years, Mr. Souza thanked the many people at Town Hall for making his job that much easier. The board agreed to ask both Mr. Souza and Warren C. Thompson — who recently resigned from his position with the Board of Appeals — to come before them for a special presentation at a later date.

Congressman Barney Frank next sent a letter to the board advising them that the Environmental Protection Agency (EPA) has agreed to re-program the money originally intended for the Buzzards Bay Project so that the group can obtain these much-needed funds later this month.

Police Chief James F. Moran sent a letter to the board to thank and commend those who assisted in the search for 9-year-old Eric Miller on Saturday, August 21. Eric, who had been shooting arrows in the woods off Industrial Drive with his younger

brother, Joshua, and father, Michael, took a wrong turn and got lost. When Mr. Miller reported his son missing, a search party comprised of local police and fire employees and civilian volunteers was sent out to search for the boy.

Fortunately, according to Chief Moran, Eric walked out of the woods unharmed some 12 hours later. Chief Moran cited the effort of all those who assisted in the search and wished to commend them for their help.

At 7:30 pm, the board called a public hearing for a pole location on the west end of Crook's Way upon the request of Com/Electric. The pole needs to be located off to the side of Crook's Way to allow a water line installation for the town's new pumping station. There being no one present to oppose the pole relocation, Selectman Mahoney moved to grant the petition for the pole location, which was unanimously approved by the board.

Chairman DeCosta noted that he attended a brief meeting with representatives from Continental Cablevision on Monday (August 23), who advised him that the start date for implementation of the new regulations and prices governed under the new Cable Television Act has been moved up from October 1 to September 1. "This is just for them to comply with the new statutes under the Cable TV Act," Chairman DeCosta said. "Some prices are dropping and others are going up ... but none of them are set in stone right now."

At 7:45 pm, Fire Chief Ronald Scott, Fire Alarm Superintendent Paul Kelley, and Town Mechanic John Bowman came before the board to discuss plans to replace the Fire Alarm Department's bucket truck. Mr. Kelley noted that it would cost between \$8,000 and \$10,000 to replace the truck with a smaller, used one. It would cost about \$6,500 just

to replace the motor in the existing vehicle, which is somewhat oversized for the town's purposes.

"It's an extra-sized, late model vehicle," Mr. Kelley said. "We'd like to drop down to a one-ton chassis from this two-and-a-half-ton chassis. Something smaller and more maneuverable like those used by the cable television and phone companies."

The board essentially prompted the three men to recommend the best approach to replacing the current vehicle which has a blown engine. All agreed that replacing the bucket truck outright would be the best choice, since a smaller vehicle would be advisable.

"We've put over 1200 hours on that truck in the last two years alone," Mr. Kelley said. "The fact is, everyone uses that truck — the police, fire, water, and highway departments. It's certainly a commodity for the town."

Chairman DeCosta noted the appropriation would require an article on the next Special Town Meeting, already slated for October 18. "We'd have

to have an article for the full \$10,000 appropriation, then you can solicit bids and don't have to use the full amount," he said.

The board agreed to write up the article asking for a \$10,000 appropriation to purchase a used, replacement vehicle which will be placed on the October 18 Special Town Meeting warrant.

Before adjourning, Chairman DeCosta informed his fellow board members that he had received a call from young skateboarders in town who wanted to know if they could have permission to skateboard anywhere on public property. "It seems they go up to the drug store and are kicked out and then over to the St. Anthony's (Church) parking lot and get kicked out of there," he said. "I was wondering if we should allow them to use the American Legion hall parking lot."

Selectman Mahoney said he didn't feel right about granting them permission to skateboard on any public property.

"I'm not big on recommending any location simply for safety and liability reasons," he said. "I think it's risky and if someone gets hurt, people would be upset. It's a multi-use problem, especially when people come in to use one of the facilities are the kids say they have permission to be there."

Selectman Lambalot said he would like some time to think it over before he offered a definite answer.

"I just wanted to make you aware of the fact that they're out there and they don't seem to have any place to go," Chairman DeCosta said.

There being no further matters to come before the board, they adjourned for the evening at 8:01 pm.

## Marion Officials Discuss Stormwater Project at Beach

A special meeting of several Marion boards was convened at Silvershell Beach on Tuesday, August 24 at 2:00 pm by Selectmen Chairman James S. Dougall. Also present were Selectman Loretta B. Schaefer, Selectman Albert E. Winters, Regional Sanitarian Karen A. Walega and Executive Secretary Ray E. Pickles, along with members of the Conservation Commission, Board of Health, Recreation Committee and project consultants for the Sprague's Cove Remediation Project.

The purpose the meeting was to view the site and discuss pending plans for the Sprague's Cove and Silvershell Beach Stormwater Remediation Project. Mr. Pickles explained that under new federal regulations, cities and towns will be required to treat all stormwater discharge and the Board of Selectmen and Board of Health have jointly expressed concern over this site as it drains directly into Buzzards Bay.

"They were very concerned about the shellfish at Sprague's Cove and the coliform pollution levels at the beach," Mr. Pickles said. "It was determined that the culprit was stormwater runoff draining from the lower village and the best way to reduce it would be to treat the first inch to inch and a half of rain."

After applying jointly for a grant with the Buzzards Bay Project, the town was awarded a \$25,000 grant for the project and another \$10,000 from the National Marine Fisheries department, since the site was formerly a saltmarsh and the project would entail returning it to that state.

Under the Buzzards Bay Project and at the impetus of Soil Conservationist Bernadette Taber, plans for the construction of an artificial wetland were drawn up to help filter the runoff while restoring the wetland preserve for the area. The plans included funnelling the runoff into a detention basin and then through the constructed wetland.

"In trying to treat the first flush of runoff, we decided the best approach would be to contain it in a shallow detention basin, about 160 by 100 feet in size, and from there pipe it across the road into a deep pool and then into a stone-lined waterway," Ms. Taber explained to the group gathered at the entrance to Silvershell Beach. "The deep pool, which would be about 5 feet deep, would be part of the

controlled system."

Some of those present were worried about maintaining the public health in both locating the retention basin so close to the beach and in forcing the relocation of the basketball court now on the side of the road opposite the beach to the beach side.

"I'm very concerned about a retention pond sitting there with fecal coliform material in it for a day," said Dr. Davis Gallison, Chairman of the Board of Health. "I think it's hazardous even if it's held there temporarily and I can't support something like that."

Others were worried that relocating the asphalt basketball court would also cause a health hazard and recommended constructing the new court with cement, which would be environmentally safer.

"The (retention) basin would have been used as an additional filtration pond," said Ray Curran of the federal Soil Conservation Service.

"The system will work without it, so if it's a major health concern, we can remove it," agreed Ms. Taber.

Selectman Schaefer echoed these sentiments and concurred that locating the entire filtration wetland project on one side of the road (the one opposite the beach) would be preferred. "I think we've addressed and resolved most of the major concerns here by agreeing to locate it only on one side," she said.

Recreation Committee Chairman Jonathan Dickerson wanted to know where the funding would come from to relocate the basketball court to

the other side of the road. Although Mr. Pickles suggested it would have to go to a Town Meeting vote, Selectman Schaefer said it was part of the original plan for the town to pay for relocation of the court. "That was part of the deal when we first entered this project," she said. "We are certainly getting the better end of this deal with the grant monies we've been given."

Mr. Pickles also reminded those present that within the next few years the state may force the town to license all their discharge sites, which will make this an ideal model for other, more difficult locations around town. "This is designed to be a national model for urban, small community runoff projects," he said. "The town already owns the land ... this is an ideal pilot program for stormwater remediation."

The final decisions were made to locate the constructed wetland on a 2- to 3-acre plot of land situated across from Silvershell Beach where the public basketball court is now located. The court would later be relocated to a site behind the bath house on the same side as the beach. Those present seemed content that this was the best choice to deal with the runoff treatment.

"Now we have to get a final Order of Conditions from the Conservation Commission and the approval of a variance from the Board of Health before we can proceed," Mr. Pickles said. "Then, the cost issue will have to be addressed. If it costs more than \$35,000, we'll have to determine where additional funding will come from."

Regional Sanitarian Karen A. Walega said the Marion Board of Health will be holding a public hearing sometime near the end of September before approving the pending variance for the project.

### Letters to the Editor

To the Editor:

(Following) is a copy of a letter received by me dated 8/16/93 and signed "An irate customer." If this person had signed her name, called me or made a call to the Board of Selectmen Administrative Secretary, any of us would have been most happy to present this person with the correct information. She would have been advised *I do not own the property she is referring to in her letter:*

"To whom it may concern,

"One afternoon last week, we took our grandchildren, ages 3 and 5, to Mary's Pond. We really don't mind paying to park at a public facility but we do expect a little in return. The least that can be expected is that the beach be kept clean. There were, without exaggeration, at least 1,000 cigarette butts all over the area. There were also bottle tops mixed in. If a little more energy were spent keeping the area clean than in collecting the \$4.00, you might do a little business.

"Sincerely,

An irate customer.

P.S. How did you manage to get the No Parking signs on both sides of the road? There seems to be plenty of parking area on the pond side."

I will attempt to educate "An irate customer" and relate to her the Town of Rochester does not own the area where the public goes swimming. This beach front on Mary's Pond Road is a Plymouth County Access by decree many, many years ago for "the watering of horses."

Now to address the parking charge — the Town of Rochester does not own any property in this area. The property where you parked is privately owned. Regarding the "at least 1,000 cigarette butts" my response is who placed them on the beach? The littering public! The owners of the

parking lot have a person that cleans and rakes the beach. There are rubbish barrels for the public to place disposal of beach trash. My comment is unfortunately we are a nation of "litterbugs" that trash where ever we go.

Now, for the last accusation — the No Parking signs. Please be advised, "An irate customer," the No Parking signs were erected years ago with the approval of the Board of Selectmen and the Rochester Police Chief. The purpose of having the No Parking signed erected on both sides of Mary's Pond Road was to provide safety for the public and to provide clear passage for emergency vehicles, i.e. Police, Fire and Ambulance.

In the future, "An irate customer," please check your facts before you mail an accusatory communication to me or anyone else.

Sincerely,  
Georgia D. Chamberlain

and the Board of Selectmen not to recommend "transferring out" any more money from that fund for any other town expenditures. But, regrettably, such a request to leave the fund be didn't materialize. Certainly the Finance Committee or the Selectmen weren't going to volunteer such a pledge.

So, it looks like the Landfill Fund will continue to be the favorite source of money for all sorts of spending. It's like you or I putting aside money each week to cover specific bills and then "dipping into" those savings to buy other things. When the original bills come due, we're up a creek. It's like spending money we don't really have.

The Landfill Enterprise Fund should be a bank account all its own, capable of drawing its own interest instead of being lumped in with the town's "General Fund" and requiring a time-consuming search by an "ad hoc" committee to sort it out for a report such as was read at Tuesday's meeting.

Not all of the money "transferred out" of that fund is "transferred in." Like scraps of paper and

## Adoptable Animals

*Eighteen Holes, Under Paw*

Five adorable tiger kittens were recently rescued from the third tee at the Fall River Country Club. For those of you playing with a handicap this week, you may want to take advantage of this hole's "paw four." Among the group are males and females, all short-haired and about six weeks old.

These cute, little kittens are a sure-fire hole-in-one and are available now for adoption through our friends at the local chapter of Animal Umbrella, Inc.

Also available this week:

- two orange and white brothers with long hair
- one orange and white with double paws and his brother tiger with white markings (they're a real close pair)
- two all-black real fluffy sisters with double paws
- several long-haired tigers (both male and

female).

From the curious bin this week, the group also has two females, both named "Charlie!" These adorable "Charlie's Angels" are seeking good homes — one is a two-year-old tiger with white long hair and resembles a main coon cat. The other is an older female kitten (about 5 months). Both would love to be placed with children.

If you are interested in any of these animals, please call either Mary Lou Kobak at 994-6168 (please note: new number) or Diane East at 997-4037. Please do not call Priscilla Thompson, as she is on temporary hiatus.

Once again the group would like to extend their appreciation to Peter at Denise's Pet Shop for his generous donation of cat and kitten food. Animal Umbrella very much appreciates his offer with so many animals to feed in and around the tri-town area.

In the lost and found department: the group has found an older kitten in Mattapoisett's Cushman Cemetery. Please call one of the Animal Umbrella representatives if you have lost your pet in this area.

Thanks to our readers, the following were placed over the last two weeks: two black and white females, one orange and white male, one all-black male, and one seven-year-old spayed female.

## The Friends of the Elderly — Mattapoisett

### SHARE Distribution Day

The SHARE Distribution Day for the month is August 28 at Old Hammondtown School. Please come between 12:00 noon and 1:00 pm. You may register for September at that time and on September 9 at the Congregational Church between 11:00 am and 1:00 pm.

### Ornaments for Sale

Remember that in addition to the Seahorse, the Friends are selling two new ornaments designed by George C. Avila. One is the Center School and the other is the Ned's Point Lighthouse. Both are available at the Mattapoisett and Seaport Pharmacies.

### Crafts and Bingo

Bingo will resume at Village Court every Wednesday starting September 15 from 1:30 to 3:00 pm. Light refreshments will be served after the games. Anyone needing a ride may call Diane at the COA office (758-4110).

Crafts will be done at the Friendly Harbor Day Care Center. Volunteers will meet there every second and third Tuesday of the month beginning September 14 and 21 from 12:45 to 3:00 pm. They will work with the patients making various crafts to be distributed to area nursing homes by COA volunteers. Anyone wishing to help will be most welcome. For more information, please call Wendy at 758-6171 or Nancy at 758-6900.

### American Sign Language Classes

Sign Language Classes, sponsored by the Friends of the Elderly, will begin again in September

## Plumb Memorial Library

### Preschool Story Hours

Registration for Rochester's Plumb Memorial Library Preschool Story Hours is now in full swing. Children ages 2 through 5 are invited to come to the library to share songs, stories, crafts, and much more. Sessions will be held Monday nights from 6:30 pm to 7:30 pm and on Wednesday mornings from 10:30 am to 11:30 am. The series will begin the week of September 20. To register, stop by the library during regular business hours or call 763-8600. Space

is limited, so register early.

### Large Print Titles

The library has received a deposit collection of large print titles from New Bedford. Included in the collection are mysteries, romance titles, and general interest fiction. These titles will supplement the library's own large print collection and will circulate for two weeks at a time. If specific large print titles are unavailable at the Plumb Library, they can be requested through interlibrary loan.

### Videos

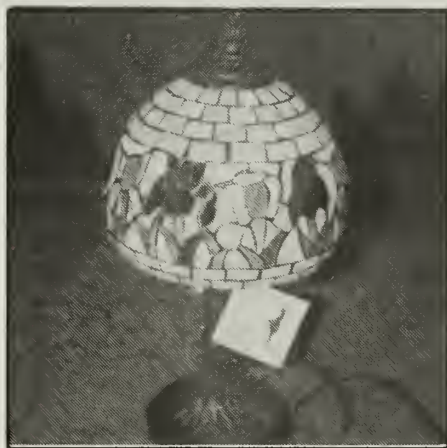

Also available is the 13-part PBS video series "Life on Earth." The series, which blends scientific data with spectacular wildlife photography, presents the history of life over three and a half billion years. In addition to this fine series, the library has a growing collection of video titles for all age groups and interests.

The Plumb Memorial Library is located on the common near Town Hall in Rochester. The library is open on Monday from 4:00 to 8:00 pm, Wednesday from 10:00 am to 5:00 pm, and Saturday from 10:00 am to 2:00 pm. The library will be closed on Monday, September 6 for the Labor Day holiday.

### Marion Flood Relief Effort Winds Down

#### *School Supplies Already Shipped to Missouri*

The target date to send relief supplies to the victims of torrential flooding in Marion County, Missouri is fast-approaching. The organization is urging area residents to bring non-perishable items such as toothpaste and brushes, diapers, bath tissue, paper towels, handi-wipes, cleaning supplies, mops and brooms, sterno, matches, batteries, flashlights, foodstuffs, bottled water, baby food, pet food, soaps

and detergents and any other cleaning or food supplies listed on the group's "shopping list" to the Masonic Lodge (former Marble Hardware Store) on Spring Street in Marion. Collection of these items will take place daily through Saturday, August 28 between the hours of 10:00 am and 7:00 pm.

The Marion Police Officers Association has already shipped over 900 pounds of school supplies this past Monday (August 23). These much-needed good will arrive in time for the opening of schools in that beleaguered area. Thanks to the support Marion residents and those of surrounding communities who responded to the clarion call, the children of Marion County, MO will have no shortage of these

Bedford during the weekend of August 14. The good friends competed in the open for girls 18 years old and younger.

Annie Desrosiers of Westport, the number one seed in the class, defeated Ms. Khuanphol in the semi-final, 7-5, 6-4. Ms. Desrosiers later defeated Ms. Chase, 6-4, 6-7 (5-7), 6-3 to become the champion.

Ms. Khuanphol, the granddaughter of Captain and Mrs. Adrian Lonsdale of Mattapoisett, is a receptionist at Northeast Maritime in New Bedford. She plans to attend Bristol Community College this fall.

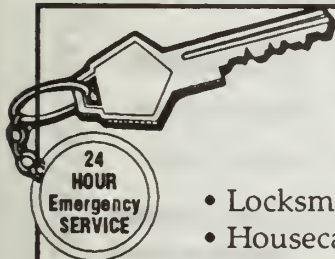

Ms. Chase, the daughter of Mr. and Mrs. Russell Chase of Mattapoisett, is a sophomore at Old Rochester Regional High School. In addition to tennis, she excels at basketball and soccer.

## Mattapoisett Track Club

### A Word of Thanks

The season is now over for the Mattapoisett Track Club, but we would like to thank the people who helped us have such a wonderful summer. Thanks to the Mattapoisett Lions Club who donated money to help defray the cost of the ribbons that the children love so much. We bought and distributed almost 3,000 place ribbons to the winners in our various events.

A great big thank you goes to Citizens Bank for once again donating our t-shirts. Our athletes sure look forward to their new "track shirt" each year. To all our college and high school "coaches," thank you. We couldn't have had such a successful season without all your help. Have a great year at your school and come back to us next June.

### Museum Season Ends August 29

If you haven't been in to see the exhibit "All in a Day's Work" at the Mattapoisett Museum and Carriage House, please plan to make that visit before August 29. There are things in this exhibit that will be a reminder to many of earlier days as well as things to amaze the "youngsters" of the ingenuity of those earlier New England Yankees, such things as apple peelers, cherry pitters, raisin seeders, sewing birds, a fringing machine, a type of iron for pleats, an iron peel, a turf axe, a mast knife, and other items of interest. All of the items in this exhibit are from the museum's own collection.

The museum is open Tuesday through Saturday, 1:00 to 4:30 pm. Admission is \$2/adults, 50 cents/children. And, don't forget, our new cookbook "Tried and True Recipes" is on sale at the museum along with the gazebo and Town Hall ornaments and "Wanderer" notepaper.

## ORR Junior High Orientations for Grades 7 and 8

### *Orientation Program*

On Wednesday and Thursday, September 1 and 2, ORR Junior High School plans to take advantage of a fine natural resource in the area and schedule two individual orientation days at the YMCA Youth and Family Center in Mattapoisett. The Center possesses resources which lend themselves to our school's goals.

Grade 7 orientation is scheduled for September 1. On that day, Grade 8 students *only* will report to

the school building. The following day, the seventh and eighth graders will exchange locations and the seventh graders will be able to explore and adjust to the Junior High facility by themselves.

Through a series of planned mini-courses and discussions, the hope is to make clear to the new students those basic values which have been most highly prized at the school, the hopes and expectations for each student, and how they will be guided and assisted as the students seek to achieve their goals.

Arrangements are now being finalized for a lunchtime cookout and everyone is invited to attend a culminating, whole-school GathORRring which is slated for 1:00 pm at the Center.

The orientation location will not produce a change in any student's schedule for the day. The same bus that picks up your child in the morning will pick him/her up at the YMCA Center and deliver them to their neighborhood bus stop. You may, if you choose, take your child home with you from the YMCA Center at 2:00 pm.

Should you have any questions about this or wish to assist with the arrangements, please call Mr. Robert A. Johnson, Assistant Principal, at 758-4929.

### *Entering Students Require Vaccinations*

Entering Grade 7 students must have a second MMR (Measles, Mumps and Rubella) vaccination. Please send written documentation to the school nurse, c/o ORR Junior High School, Marion Road, Mattapoisett, MA 02739, or call 758-4929 for further information.

## Project GROW Preschool Seeking Applicants

Project GROW, the local public school early childhood program, is seeking students for the upcoming school year. Anticipated state grants, combined with local funds, support the operation of the program. Project GROW classrooms are located at Center School in Mattapoisett, Memorial School in Rochester, and Sippican School in Marion. All classes run mornings (9:00 to 1:00), Monday through Thursday, and follow the public school calendar. The program is tuition-free. Enrollment is open to all children residing in Marion, Mattapoisett or Rochester who were born between January 1, 1989 and September 1, 1990. Preference will be given to children from low-income families and others in need as determined by the Early Childhood Advisory Council.

The purpose of Project GROW is to provide preschool experience to children whose families have been unable to enroll them in another program and who desire a preschool experience for their child as well as to provide children with special needs the opportunity to receive service in the least restrictive environment. Each class consists of up to fifteen students, the majority of whom are students without special needs. The program is staffed by a certified teacher and an aide. Home visits are an integral part of Project GROW. The teacher visits each student's home regularly throughout the year.

A recent mailing, based on town census information, was sent to all families with age-eligible children. If you did not receive a mailing, have an age-eligible child, and are interested in this program, you may pick up an application at the Office of the Superintendent of Schools located at Old Rochester Regional High School, 135 Marion Road, Mattapoisett.

## Veterans' Insurance Hoax is Revived

An insurance hoax that has returned time and again for more than 40 years to create administrative problems for the Department of Veterans Affairs (VA) has been revived by groups asking veterans to pay for assistance in collecting a non-existent life insurance dividend.

"In the past, the insurance hoax caused only administrative problems for VA. Now there are those who are trying to make a profit at the expense of veterans, and we are resolved to stopping them," said VA Secretary Jesse Brown. "I have instructed the VA Inspector General to work with the Postal Service to do everything possible to put an end to this latest version of the hoax and to alert all veterans."

VA's Regional Office and Insurance Center in Philadelphia reports veterans and active duty personnel throughout the country have received flyers, including return forms, from groups or individuals offering veterans assistance in applying for dividends or in answering questions they may have for fees ranging from \$2 to \$15 for each request.

The flyers falsely claim that dividends from veteran's life insurance policies are available to any veteran who applies. For veterans who served at least two years in the military, the flyers claim the dividends range from \$264 for two years of service and increase for each additional year of service.

The phony applications and flyers, past and present, claim the dividends have been recently authorized by Congress. In fact, there is no such dividend for veterans who do not keep their insurance in force, nor a rebate for active duty personnel. No legislation has been approved or proposed by Congress.

In the past, the hoax applications were unwittingly printed in magazines, newspapers and newsletters, or distributed in handbills. The hoax has caused wasted effort by thousands of veterans, active duty personnel and dependents, and has generated needless labor and mailing expense by VA.

Legitimate insurance dividends are automatically paid, usually on the anniversary date of the policy, to approximately 3 million veterans with active policies in four GI life insurance programs. No application is needed to receive a dividend payment.

## Marion Art Center

### *A Little Night Music*

Reservations are now being accepted for the Marion Art Center's final summer production, "A

Little Night Music," by Stephen Sondheim. The show is probably best known for the poignant song "Send in the Clowns."

The show is running Friday - Saturday, August 26 - 28 at 8:00 pm. Please call the Marion Art Center at 748-1266 for tickets and reservations. Space is limited. Tickets are \$8 for students, \$10 for MAC members, \$12 general admission.

#### *Bregoli-Mason Exhibit*

A two-person exhibit of portraits by Jane Bregoli and Fred Mason is now on display at the Marion Art Center.

Ms. Bregoli is well-known in the area for her hauntingly beautiful portraits of 90-plus-year-old Noelle Houle, the famous "Goat Lady of Dartmouth." A graduate of the Massachusetts College of Art with a BFA in Art Education, Ms. Bregoli recently received a Master of Fine Arts degree from the University of Massachusetts Dartmouth.

Mr. Mason's style, which he calls contemporary realism, is specific and contained, with a palette reminiscent of the Impressionists. He has studied at the School of Visual Arts, the Art Students League, the Brooklyn Museum School and New York University. He maintains a studio in Greenwich, CT.

leftover paints, stains and tires on Saturday, August 28 at the Mattapoisett Landfill from 9:00 am to 1:00 pm.

Paint collections greatly reduce the problem of household hazardous waste and the costs associated with it. H2O Coatings, Inc./The Green Paint Company of Manchaug, MA will accept various types of paints for recycling. These include latex or oil-based interior/exterior house, trim, deck and floor paints and stains, polyurethane, varnish, shellac, turpentine, mineral spirits and thinners.

The company does not accept unlabelled paints, lead-containing paints, epoxies, automotive paints, aerosol containers, lacquers, moisture-cure urethanes, marine or swimming pool paints or penta.

Residents may bring their leftover paints, in original containers only. A user fee of \$5 per vehicle will be charged, with a limit of 10 cans per vehicle. The fee for 10 cans or over is \$10. Because of large volumes, contractors are advised to bring their paints directly to the factory in Manchaug. The factory telephone number is 1-800-527-8866.

Tires will also be accepted for recycling on the same day. A fee of 50 cents per tire up to 19 inches on or off the rim will be charged. A fee of \$3 will be charged for tires over 19 inches.

### First Congregational Church — Marion

Summer visitors who have not yet visited The Congregational Chapel on Main Street in Marion will want to see this architectural gem when the building is open this Saturday. The chapel is home to the Penny Pinchers' Exchange, a consignment shop begun by members of the church in 1976 to raise money to support the mission work of the church and to help maintain church property.

Seventeen years later, the Christian Mission and Outreach Committee continues to benefit from the hard work of mostly volunteer staff at the shop.

## GERTIE'S CORNER

at Village Styling Shop  
42 Main Street, Mattapoissett

Walk-ins or Appointments - Tues.-Sat. 758-4399

Customers who frequent the Penny Pinchers' Exchange are helping to support mission projects in the greater New Bedford area, such as the New Bedford Women's Center, and Habitat International and other projects at home and abroad.

During the month of August, a half-price sale is held to clear the racks of summer merchandise. The shop will reopen on October 2 with all new fall and winter clothing. The PPX is open this Saturday from 10:00 am to 1:00 pm. The Penny Pinchers will accept new clothing and household items on consignment or as a donation starting in October.

All are invited to attend The First Congregational Church of Marion at 28 Main Street. Worship is at 10:00 am every Sunday morning, with nursery care provided in the vestry downstairs. Older children are invited to participate in a creative crafts class during worship time. The children are excused early from the worship service to attend the class. Sunday School classes will meet again beginning on September 12.

## Little Harbor Women's Golf Association Ends Banner Season

On August 18, the Women's Golf Association of the Little Harbor Country Club played a four-ball, best-ball tournament. The winning teams were:

- First — Yvette LeBlanc, Mary Doherty, Joan Mestieri, and Ruth Brennan.
- Second — Marie Hamblin, Anne Shea, Patricia O'Donnell, and Collin Fitzpatrick.
- Third — Connie Dickson, Ginny Moore, Dottie White, and Gerrie Stadelmann.
- Fourth — Wendy Forbes, Joan Cole, Angela Sullivan, and Anne Joerres.

Closest-to-Pin winners were Marge Linehan on hole #1 and Wendy Forbes on #11.

The Little Harbor Country Club of Wareham is also pleased to announce the winners of the Directors' Cup and Club Championship for the 1993 season. The Directors' Cup was awarded to Sue Carmichael, and the runner-up was Marie Hamblin. The Club Championship Flight went to Wendy Forbes, with Sue Carmichael as runner-up. The First Flight award went to Ann Kallio, with runner-up honors going to Jane Caranci. Congratulations to all players on a great season.

## Greater New Bedford Choral Society

The Greater New Bedford Choral Society will begin rehearsals for its upcoming season on Tuesday, September 7 at 7:30 pm at the First Unitarian Church Parish Hall, 71 Eighth Street in New Bedford. Gerald P. Dyck is the director.

The chorus will perform John Rutter's "When Icicles Hang" and other select choral pieces on December 12 at Grace Episcopal Church in New Bedford.

Singers who are interested in choral music are invited to join the Choral Society. No auditions will be held, but choral singing experience and the ability to read music are recommended. There are openings for all voices, but tenors and basses are especially welcome.

Deadline for fall membership is Tuesday, September 21. Rehearsals start at 7:30 pm and end promptly at 9:30 pm. Former members and new members are advised to arrive before 7:30 pm to register and obtain music scores.

**OLD ROCHESTER REGIONAL SCHOOL DISTRICT  
MASSACHUSETTS SCHOOL SUPERINTENDENCY UNION #55  
NOTICE TO PARENTS**

Below are the School Bus Routes for The Old Rochester Regional School District and Superintendency Union #55 for the Towns of Marion, Mattapoisett, and Rochester for the School Year 1993-1994. Routes have been modified slightly to accommodate new membership. Any questions regarding the bus routes and stops which affect your child should be addressed to Andrew J. Santos, Associate Superintendent for Business, 758-2772, or your School Committee Representative.

The School Committees recommend and appreciate parental participation and support at bus stops prior to bus arrivals.

**LATE BUSES**

There shall be late 3:30 p.m. buses on Tuesday, Wednesday, and Thursday only and daily at 5:00 p.m. from Old Rochester Regional Jr and Sr High Schools. Please note that late bus routes as listed have been premised on express services to specific stops in the respective towns. A student riding the late bus can select a stop that is no greater than 2 miles from his or her home. In some instances, this will require prior planning on the part of parents to pick up their child from these predetermined stops.
